## EDUCATION

---

### Columbus College of Art and Design

BFA, Product Design — May 2026

Columbus, OH

### The Ohio State University

Marketing Studies

Columbus, OH

## RELEVANT EXPERIENCE

---

### SRICO — Product Design Intern / Fabrication

May 2025 – May 2026

- Design and fabricate enclosures and packaging for electronic components
- Polish and finish fibre optic components and crystals to precision tolerances
- Model and manufacture parts using CNC machining and 3D printing
- Develop rapid prototypes to test form, fit, and function
- Create renderings for reference imagery and marketing materials
- Build scale models of micro-scale components for visualization and presentation

### KNOT Modular Chair System — BFA Capstone Project

Dec 2025 – Spring 2026

- Research the US hybrid-custom furniture market and conduct 4+ interviews with Columbus-area manufacturers to identify design opportunity
- Design a universal dovetail-inspired connector system for flat-pack, CNC-compatible solid wood chairs
- Prototype and test connector strategies through iterative 3D-printed rapid prototypes
- Develop modular component library spanning dining, lounge, and task chair configurations in SolidWorks and KeyShot

### Dress for Success Columbus, Columbus, OH — Service Design Researcher

Spring 2025

- Conduct site research on fitting experiences and warehouse systems
- Lead interviews with staff and clients to identify pain points
- Develop service maps and workflows
- Create an employee handbook and refined service guidelines
- Synthesize research into actionable recommendations

### Form 5 COFAB, Columbus, OH — UX & Product Design Collaborator

Feb 2024, Oct 2024

- Conduct user research with real end users throughout the entire design process
- Collaborate with students and industry mentors to design a low-cost prosthetic
- Contribute across ideation, prototyping, and final development
- Iterate functional prototypes to meet user-specific needs

## HONORS & RECOGNITION

---

### IDS Student Merit Awards — Senior Representative

Columbus College of Art and Design

2026

### CCAD Senior Exhibition

2026

## SKILLS

---

SolidWorks • KeyShot • Adobe Creative Suite • Microsoft Office

CNC Machining • Rapid Prototyping • 3D Printing • AI-Aided Rendering
